

**General Chair:** Yves Lucet, UBC  
**Program Co-Chairs:** Yong Gao, UBC; Nathalie Japkowicz, UO  
**Grad Symposium:** Svetlana Kiritchenko, NRC; Fernanda Caprorese, UO  
**Local Arrangements:** Patricia Lasserre, Ramon Lawrence

## CALL FOR PAPERS

AI'09, the twenty-second Canadian Conference on Artificial Intelligence, invites papers that present original work in all areas of Artificial Intelligence. Topics include, but are not limited to:

Knowledge representation	Machine Learning	Robotics	Agent Systems	Web Applications
Constraint Satisfaction	Natural Language	Uncertainty	AI applications	E-Commerce
Automated Reasoning	User Modeling	Games	Smart Graphics	Neural Nets
Cognitive Models	Data Mining	Search	Information Retrieval	Multi-media Processing
Case-based Reasoning	Bioinformatics and BioNLP	Planning	Speech Processing	Evolutionary Computation

Papers will be reviewed by the Program Committee members and judged according to their originality, technical merit and clarity of presentation. Accepted papers are allocated a maximum of 12 pages in the proceedings. The conference proceedings will be published as Lecture Notes in Artificial Intelligence by Springer and have to be formatted accordingly. Papers can only be included in the Proceedings upon registration of at least one author. Papers submitted to AI'2009 must not have been accepted for publication elsewhere or be under review for another conference. Best paper and best student paper awards will be presented. **For further information and updates, visit the conference webpage at <http://ai2009.site.uottawa.ca>**

<b>Full paper submission due</b>	<b>January 23rd, 2009</b>
<b>Notification of acceptance</b>	<b>March 3rd, 2009</b>
<b>Final paper due</b>	<b>March 16th, 2009</b>
